WHAT'S INSIDE?

**3 Your Support is Making the
Difference**

4 Vera Reynolds

5 BRAvo! 2020

6 Reid Rehab Services

8 Honor Roll of Donors

YOUR SUPPORT IS MAKING THE DIFFERENCE

Reid Health Foundation has navigated the pandemic very well. In October 2020, to protect the health of our patrons, we held our Bravo event virtually. The event featured several sought-after items to bid on. Because of the spirited bidding by our virtual attendees, the event raised several thousands of dollars to support our women's health initiatives.

As you look around our region, you will see our health care system continuing to grow. The Pace Center, which provides all-inclusive care for the elderly, opened in late 2020 and is supporting several patients on a weekly basis. In our surrounding communities, you will see new Reid facilities either opening or under construction. These are signs of a prosperous health care system.

All of these things that I have mentioned cannot happen without your support of the Reid Health Foundation. Your support has allowed us to do some incredible things over the years. Thank You!

Stay tuned because there are some really exciting things happening at Reid that are going to be announced next year. Again, thank you for your continued support of our mission.

Gratefully,
Garry Kleer Board Chair
Reid Health Foundation

VERA REYNOLDS

Blessings through bequest

A life of faith, service, and joy was the way Vera Reynolds lived her 96 years in eastern Indiana and western Ohio. She grew up in rural Preble County one of four children, graduating from Jefferson Township High School. All before continuing her education at Indiana Business College in Richmond, Indiana. Making a life with her husband Wilbur in Richmond.

Friends of Vera would say she was always honest, dependable, and loyal. She believed in duty and responsibility through and through. Yet, she always felt she should give back, live life with gratitude so to speak. When talking with The Reverends Dixie and Jim Miller, it was evident that Vera only wanted to give back throughout her life.

Vera was a pillar in her church, First Christian Church, where she taught Sunday school, served as a Hospitality Chairperson, sang in the Christian Choir for over 70 years, and helped in seasonal productions at the church. Her dedication to her church is part of the reason she had such a great relationship with the Reverends. She was part of the search committee that brought them to Richmond. Her commitment to her church allowed her to help shape those coming up in the community, by not letting anyone fight and making sure people didn't hold grudges. Everyone just needed to let things go to stay present.

Commitment to a community is more than living in a community for years. It is showing up day after day to make the community better than it was before. As a volunteer for the Wayne County Welcome Center for a

handful of years she got the chance to show visitors every day what was special about her community. She worked hard giving back to the community that she called home, but she also was a recipient of the kindness that comes from being a part of a community.

In her lifetime, Vera was a patient at Reid Health, a small piece of the community that gave back to her. She was no stranger to Heart Services or Diabetic courses in her life. Those programs are what helped Vera deliver

Meals on Wheels for 27 years. Her care for herself brought her back to Reid for a bypass at 90 years old, still working to give back.

Her life was filled with memories, friendship, 35 years of marriage, and creating a place in her local community for her work to be memorialized. Vera made the decision to bequest her estate amongst 6 non-profits. After the years of Reid taking care of her, she paid it forward by selecting Reid as one of the non-profits to benefit.

A legacy of letting things go and giving back will always be remembered by Vera's friends and those who she blessed. In the Foundation, we will always remember the legacy she left in her community by making a bequest to Reid Health Foundation to help the community and the patients we serve.

If you would like more information regarding estate planning and making bequests, please contact our office by calling (765) 983-3102 or e-mail reidfoundation@reidhealth.org.

BRAVO! 2020

COVID didn't take away the support of BRAvo! 2020

Although bra decoration didn't happen in 2020, Reid Health Foundation still held the annual BRAvo! auction entirely online. Donors had the ability to bid on items ranging from a week's stay in Hilton Head to a Notre Dame Fighting Irish-signed photo of a touchdown celebration.

The online format allowed supporters to bid from the comfort of their homes on Oct. 23, 2020, raising \$10,800 in one of the coziest evenings for the event.

Typically, throughout October, schools around the area also have BRAvo! games to honor breast cancer fighters and survivors. Although 2020 did not allow for the traditional culmination of an in person

Signature Event, the party rolled on. BRAvo attendees experienced the evening from their homes to keep on track with COVID protocols. Changes have been taken in stride, and the Foundation is ever grateful for the continued support of the community.

Throughout October, schools around the area have BRAvo! games to honor breast cancer. The season comes to a close at the annual Signature Event with a silent and live auction during dinner.

For more questions on how you can support BRAvo! or become a sponsor for 2022, please call the Reid Health Foundation at (765) 983-3102.

REID REHAB SERVICES

Rock Steady Boxing Update

In July 2013, Reid Rehab Services, now under Medical Fitness, began Rock Steady Boxing as a way for Parkinson's patients to focus on skills vulnerable to Parkinson's atrophy. At the time, Reid was the first hospital to become an affiliate of the Rock Steady program.

Rock Steady uses non-contact, boxing-inspired routines to work on gross motor movements, balance, core strength, posture, gait, and many other activities that impact daily living.

Richard Ross, one of the first students of the program in 2013, was featured in a story in our Mission Report that year. In the article, Ross's wife, Linda, credited the program saying, "This class has made such a difference in our lives already." Although reluctant at first, boxing three times a week made a major impact in Richard's day-to-day life.

The initial class of Rock Steady boxers spurred Richmond's own Doug Kuntz to embody his mother's advice – "We are put on this Earth to help others. That's the most important thing." – by founding Pro's Players FORE Parkinson's, an annual golf outing that raises money for Rock Steady Boxing and other Parkinson's causes. To date, the outing has generated \$662,000 with Rock Steady Boxing receiving \$227,000 since 2013.

The community rallies behind Pro's Players each year for the annual golf outing. In 2020, the date changed from spring to fall, giving a rare chance to trade the April showers for the extended warmth of September. Pro's supporters enjoyed the nicer weather, raising more than \$50,000 in 2021.

New Programs

With the growth of Rock Steady Boxing, the Medical Fitness team wanted to find opportunities for other communities to receive the same support that boxing has brought to the Parkinson's community. Today, Reid offers CancerFit and LoveYourBrain Yoga at the Rehabilitation facility on Chester Boulevard.

LoveYourBrain Yoga

LoveYourBrain is a nonprofit created by Kevin and Adam Pearce after Kevin suffered a Traumatic Brain Injury (TBI) before the Vancouver Winter Olympics for snowboarding. Kevin discovered TBI turns into a lifelong experience not only for the injured person, but also their caregiver(s).

In a partnership with LoveYourBrain, Reid Health has become a clinical affiliate of their program. Members of the Medical Fitness team are trained for skills-based assistance in stress management, focused attention, physical activity, and social connection. Not only does the staff learn how to handle the challenging social aspects of overcoming a TBI, they also learn yoga. Their training allows them to adapt normal yoga movements to each patient in the class. One of the most notable ways they make changes is by doing chair yoga for a patient.

LoveYourBrain Yoga is a six-week program that gives patients a place that is safe to discuss the difficulties of overcoming a TBI. More than that, the group becomes a safe space for a holistic approach of healing through support and becoming more confident in their yoga strength.

James Longnecker participating in a Rock Steady Boxing class.

As of the end of 2021, there have been 20 participants in the program. Some of those have gone through the six-week course a second time while others have moved on to a public yoga class with the community to continue their journey.

CancerFit

Beginning in the summer of 2021, the Reid Medical Fitness team added CancerFit to their services in hopes of helping cancer patients and survivors. Sessions are by appointment only for 30 minutes on Tuesday and Thursday each week. The goal is to work with each patient and survivor individually with a specific plan tailored to them.

The Medical Fitness team knows cancer can limit a person's strength and overall fitness, causing setbacks in daily life. The sessions provide a safe place to exercise while also setting achievable goals to improve muscle and cardiovascular strength.

To date, the program has had 8 active patients coming in on a weekly basis to improve life beyond cancer.

These programs are an exciting addition to the Richmond location. In recent years, Rock Steady Boxing has expanded from Richmond into Eaton, Ohio, and Connersville, Indiana. Between the two new locations, there are 23 active Parkinson's boxers. There's hope that CancerFit and LoveYourBrain Yoga soon will join Rock Steady Boxing in Connersville.

These programs are more than just a chance at fitness. They provide a community that people going through a similar experience can turn to for support. Growth from these programs goes beyond strength and perseverance physically, making daily life easier for the patient and participant.

For any questions, please call Mathew Wright with Reid Health Medical Fitness Department at (765) 983-3092.

Thank You
